MATTERS TO BE CONSIDERED BY CANDIDATES CONSIDERING PARTICIPATION IN MOBILITY?

1. Double major students can only apply for the Erasmus Study Mobility with just one of their majors in the same application period.
2. Double major students who will apply for mobility must have taken at least 25 ECTS in their second major.
3. The higher education institution cuts the grant in the following cases:
 - If a student does not complete the participant survey (EU Survey), 20% of the total grant cannot be given, unless technical reasons were the cause.
 - In order for the grant to be paid in full, at least 2/3 of the total ECTS received in the relevant mobility must be successfully completed with a passing grade. Students who do not successfully complete at least 20 ECTS (or 2/3 of the total credits) out of the 30 ECTS must pay back the 80% received in the beginning of the mobility and are not eligible to receive the remaining 20% of the grant. Full academic recognition is given to successful credits in the program followed.
 - The minimum duration of activity is a minimum of 2 months for each student. Those who leave the program before this period is completed will not be able to receive a grant unless there is **force majeure with official documents**. For students who have completed a minimum of 2 months of activity and return in less than the time specified in the invitation letter, the amount to be deducted is determined based on the number of activity days not performed.
 - If the documents proving participation in the mobility (certificate of participation or the post-return transcript (ToR) that can replace it) are not submitted, the mobility will be deemed **invalid** and the student will not be paid a grant; the previously paid grant will be reclaimed from the student.
4. Please carefully review the academic calendar of the institution you prefer and make sure that it is compatible with the IHU academic calendar.
5. It is obligatory to take 30 ECTS courses in a semester. For this reason, you should check the web page of the relevant university (it can be under the headings of ECTS Course Catalog, ECTS Info Pack, etc.) and make your choices by consulting your Erasmus Department/Program Coordinator.

Erasmus and International Programs Department

6. Students who wish can waive grant support.
7. Non-grant students are also subject to a general evaluation together with other applicants and go through the same process as grant students. Students who would like to participate in Erasmus+ Study Mobility by their own means, need to submit a petition of participating non-grant. The petition should be submitted after the announcement of results and **before the nomination deadline** indicated in the calendar above.
8. Non-grant students can extend their mobility to be 12 months, but granted students cannot participate in KA171 International Credit Mobility for more than one semester.
9. In cases not specified in the announcement, the rules in the Erasmus+ Implementation Handbook (2023 KA-171 Ulusal Ajans Uygulama El Kitabı) will apply.
10. **Further details that will be encountered before, during and after the mobility for the students who are eligible for Erasmus+ International Credit Mobility will be explained in the Erasmus+ Orientation where participation is compulsory** (check the calendar above).
