**HOW IS THE EVALUATION MADE?**

Student selections are made according to the selection criteria specified in the Erasmus+ Implementation Handbook (KA-131 Ulusal Ajans Uygulama El Kitabı).

The expected quota for 2025-2026 Spring Semester applications will be **5 students**.

- Only one student from the same department can receive a grant for the Internship Mobility (for example, only one student in the History Department can have a grant for PhD Short-Term Internship Mobility).
- The final decision on the quotas will be taken by the Erasmus and International Programs Admission Committee after the end of applications, in parallel with the project budget.
- If there is an increase in the budget, the budget allocation will follow a departmental order with specific criteria (such as number of students registered in the department, department that participated less in the mobility in previous applications etc.).
- If the allocated quota to a department is not filled (due to either no one applying from that faculty or granted students withdrawing), the unused quotas will be transferred in the order explained above. A departmental order with specific criteria will be considered, such as the number of students registered in the department, department that participated less in the mobility in previous applications etc.

### ARE THERE OPPORTUNITIES AND ADDITIONAL GRANT SUPPORT FOR DISABLED AND DISADVANTAGED PARTICIPANTS?

Disadvantaged participants can be given an additional monthly grant of 250€ in addition to the grant they receive for internship mobility, which lasts between 2-12 months. In order to be able to give more grants to the disadvantaged student, an additional grant request from the Center must be requested by the beneficiary higher education institution. Additional grant requests can be made within the contract period, but in any case, up to 60 days before the end of the contract. The Center evaluates each application individually and decides whether an additional grant can be given and, if so, the appropriate amount of grant. Applications will be forwarded to the National Agency by the Erasmus Office of our university.

In order for the grant in question to be awarded, the disadvantaged participant is defined as an individual with limited economic and social opportunities and who fits into the following sub-categories:

- Subject to Law No. 2828 (Those who have a protection, care or shelter decision by the Ministry of Family and Social Services pursuant to Law No. 2828)

## Erasmus and International Programs Department

- Students for whom protection, care or accommodation decision has been taken within the scope of Child Protection Law No. 5395
- Those who receive an orphan's pension
- Children of Martyrs / Veterans
- Persons who are granted financial support for themselves or their families (proof required during the application phase by obtaining a document that indicates the student received financial support from municipalities, public institutions, and organizations such as ministries, Social Assistance and Solidarity Foundations (Sosyal Yardımlaşma ve Dayanışma Vakıfları), Directorate General of Foundations (Vakıflar Genel Müdürlüğü), Kızılay, AFAD)
- Disabled students
- Individuals whose parents or guardians receive disability or social assistance pensions, under the Law No. 2022, dated 01.07.1976 (65 Yaşını Doldurmuş Muhtaç, Güçsüz Ve Kimsesiz Türk Vatandaşları İle Engelli Ve Muhtaç Türk Vatandaşlarına Aylık Bağlanması Hakkında Kanun)
- Students with their first-degree relatives or themselves receiving AFAD aid for disaster victims.

After winning the chance to receive a grant, the student with the above-mentioned criteria might receive an extra grant for being in the disadvantaged group.
